CITY AND DISTRICT.

Advertising is profitable only when prop-

erly done, -that is, in the medium sure to reach

the largest number of those whose attention is

sought. Money otherwise expended for that

purpose is wasted. To expend it wisely, ad-

vertise in THE STAR. It not only claims the

How the Senators were Defeated in Philadelphia-Other Games. The Quaker City team of ball tossers made efforts to retrench themselves after their defeats in Boston, and succeeded in partially doing so by downing the senatorial aggregation by the score of 6 to 1. They earned their victory by means of a scientific batting spurt in the first inning that resulted in five runs. Seven single hits were made, five of them bunts, and big Sam Thompson took first on balls. After this the Philadelphians could do but little with the ball, and were retired without scoring in every inning.

but the third, when they topped off their score with another run. The Senators drew blanks from the start, only breaking the goose egg combination in the ninth, when Connie Mack hit for three bases, and Haddock drove him home with a ele. The batteries for the day were Buffin-and Clements, and Haddock and Mack. Both teams played beautiful games in the field, and the contest lasted but an hour and a half. Sweeny won attention from the crowd by his great playing, and Ebright, who covered short field, took everything that came his way. Shoch played in right. MACK DID THE BEST BATTING

of both sides, making a triple and two singles out of three times at the bat. Hoy, Sweeny, Ebright, and Haddock each hit for a base. Buffinton gave seven bases on balls and struck out five, and Haddock gave six bases and struck out one. Washington made 7 hits and 1 error (Mack), and Philadelphia 13 hits and 1 error. Curry had not yet recovered from the blow he received in the face on Wednesday and failed to put in an appearance. O'Day and Andrews were selected to do the umpiring and gave sat-OTHER GAMES.

Boston managed to win from New York, after

taking a strong lead at first, and then, by mis erable fielding, allowing the Giants to creep up to within a couple of runs of tying in the seventh. The final score was 10 to 7. Clarkson and Bennett and Keefe and Will Brown were the batteries. Boston made 15 hits and 2 errors, and New York 10 hits and 4 errors. Chicago kindly defeated the Hoosiers-11 to 10-by playing better ball. Tener, Gumbert and Darling, and Getzein and Buckley were the batteries. Chicago made 12 hits and 3 errors. and Iudianapolis 11 hits and 5 errors. Getzein pitched the game away in the first inning by giving four bases on balls, three of them forc-

Cleveland took Pittsburg's scalp, 8 to 2, by better all-around playing. Beatin and Sut-cliffe and Staley and Miller were the batteries. Pittsburg made 2 hits and 5 errors and Cleveland 12 hits and 2 errors.

To-morrow afternoon, at 4 o'clock, eighteen

graceful forms will arrange themselves in proper attitudes over the surface of Capito park, and Mr. N. E. Young, who holds in his hands the destinies of ball-players, will toss a shining sphere into the diamond and will call Then will begin one of the fiercest. ost scientific contests ever witnessed in the District, and nine strong reporters will struggle valiantly to overcome as many muscular guardians of the public peace, having once won from them. If the weather is fair there will, undoubtedly. a very large attendance, for the worthy charity for which the proceeds are to go has opened many sympathetic and the red tickets are going fast. The eams have been selected as follows: Clubs (i. e., policemen)-Boardman, pitcher; Sans.; Welch. c. f.; Easer, Sb.; Ferguson. 1b.; Foley. I. f.; Gherman. c.; Walsh, 2b.; Slater, r. f. Diamonds (alias Reporters)—Simms. 3b.; Jones, p.; Doyle, s. c.; Dwyer, c.; Kauffmann, l. f.; Lyon, 2b.; Larner, c. f.; Williams, 1b.; McSween, r. f. The teams are pamed in the order in which they will step to the square rubber, spit on their hands, whirl the bat around their heads, and run for the bases or for the benches. The enterprise shown by the managers of the

two nines in securing the services of Mr. Young as judge of the play has been generally commended. He is eminently fitted for the position, being content with nothing short of the top of the heap and a guardian angelship over the local leaguers, and he will go upon the field fully prepared for all emergencies, provided with all the literature obtainable on the subject of the sport, including Spaldings' and Reade's guides, Mike Kelly's "Play Ball." Fred Pfeffer's masterpiece, Anson's record, "The Confessions of an Umpire," by Rider Haggard, and Dr. Hunt's book on surgery for accidental cases, besides a trade dollar to flip whenever circumstances demand an unbiassed The Merchant Rifles and Washington Light

Infantry corps will cross bats at the Arsenal grounds Thursday, June 13. The Merchant Rifles and Washington Rifles will play a game of base ball at Capitol park June 20, for the Johnstown sufferers.

DISTRICT GOVERNMENT.

THE ELECTRIC LIGHTS. Major Raymond has written to Mr. Samuel Norment, President of the United States electric lighting company, calling his attention to the fact that if the company desires to continue to light the streets a contract must be entered into by July 1 next. The contract price of 60 cents per lamp a night, Major Raymond says, is greatly in excess of the charges made in other cities, but says he is willing to enter into contract for that amount, provided certain conditions are accepted. It is understood that the contract will be entered into at an early

Found Dead.

Mr. W. W. Simpson, of Langley, Va., was found dead in his bed about 12 o'clock Wednesday night, supposed to have been a case of heart disease. Mr. Simpson was a native of Howard county, Md., but had resided in Virginia since the war, and was a very successful farmer. He leaves a wife and two children and an only sister, Mrs. C. W. Perkins, of this city.

AN EAST WASHINGTON BANK. A Committee Appointed to Organize a National Bank.

The movement among residents of East Washington to establish a national bank in that part of the city, referred to in THE STAR, took form last night at a meeting held in Washington hall. corner of 3d street and Pennsylvania avenue. Mr. John E. Herrell presided and Mr. Allan Clark acted as secretary. The meeting was attended by many of the business men and residents of East Washington, and a number described the inconvenience they suffered by having no bank located within a convenient distance. A resolution, offered by Mr. T. W. Smith, was adopted directing the chairman "to appoint a committee of seven, of which the chairman shall be one, to be selected from the subscribers to the stock of the proposed national bank, which committee shall take the necessary measures to obtain such further amount of subscriptions to the capital stock as may be required by law and any other proceedings needing to perfect the organization of said bank." The following were appointed as the committee: John E. Herrell, J. W. Whelpley, Allen C. Clark. H. C. McCauley, George F. Pyles, John G. Slater, and Samuel H. Walker. It was decided that the capital stock of the

bank should be \$200,000, in shares of \$100 each. Those interested in the organization of the bank purpose, as far as possible, to establish it by popular subscription, getting as many peo-ple as possible interested in the success of the institution. A STAR reporter was informed that some persons with large means stood ready to take up all the stock remaining when full opportunity had been given all who desired to ke stock in small blocks. The talk is that the bank will be located in the vicinity of 3d street and Pennsylvania avenue, and a suitable building will be erected for it there.

John Brennan, disorderly conduct on 2d street northwest; \$5 or 15 days.

SECRET SOCIETY FOR TEACHERS. The Order of Delphians Starts in Nebraska to Organize the School Teachers. From the Nebraska State Journal.

One of the last secret organizations to be established, and yet one destined soon to become one of the most popular, is the "Order of Delphians," a secret organization especially for those engaged in the profession of teaching. For fifteen years has this order been growing and maturing in the mind of one of the most successful educators, as well as one of the most learned men in this country, and it was not until some time in February that he felt free to give to his companions in his chosen life work the results of his long years of labor. The Supreme Lodge of the Order of Delphians in the United States was incorporated at that time, and since then the order has grown rapidly in public favor.

The supreme lodge of the United States of this order has been located in Lincoln. th

founders of the order judging this city to be the educational center of the great west and likely to take a pre-eminent place among the great educational centers of the entire country.

The grand object of this association is to promote the educational interests of our comon country by the following means: First-By organizing teachers into a band of mutual laborers.

Second-To provide an organization for the advancement of the social relations and mutual interest of teachers. Third-To provide libraries for the educa-

tional advancement of teachers.

Fourth—To provide an organization through which teachers may work harmoniously, therebs elevating the work of the teacher to the standard of a grand profession.

Fifth-liaving the means thus provided by a thorough organization the most desirable results may be achieved, the elements that contribute to the success of teachers and pupils To LOAN: \$3,000 at 5 per cent. can be grasped and applied, and the "pedagogical profession" reach that high plane of usefulness the grandeur of its mission de

Sixth-To use the means given through such thorough organization in finding the place to fit the man and the man to fit the place, thus helping in the material prosperity of the members of the profession.

Sixth—To use the means given through such thorough organization in finding the place to fit the man and the man to fit the place, thus helping in the material prosperity of the members of the profession.

MONEY TO LOAN AT FIVE PER CENT ON AS FOR TOWN AS FOR TOWN

bers of the profession.

The plan, briefly stated, is this: Members of the order who wish situations have the privilege of asking the services of the order in securing them places. This request is immediately sent to the supreme lodge, which for this purpose is the central bureau, and the effort is made from that source all information regarding vacancies to be filled being sent to the supreme lodge. It is also intended that school district directors and boards of education shall have the opportunity of filing their

wants with the various lodges, to be transmitted to the supreme lodge, when vacancies can be supplied from members of the order.

The Delphian order has certainly a future of splendid possibilities. The idea has been heartily indorsed by hundreds of the leading educators of the country, both east and west, who have signified their desire to assist in the work of organization. In the New England states, and from there westward to the Pacific. the young order has received words of warmest commendation and encouragement. Although the order has been before the public so short a time, the office of the supreme secretary, Mr. W. S. Bloom, is flooded with letters of inquiry from almost every state in the Union, showing that the teachers of the country feel the need of such an association and are anxious to forward the work of organization. Lincoln has a subordinate lodge of twenty-eight charter members, and the teachers of the whole state are taking hold of the matter in great earnest.

Church Service by Telephone.

Cable correspondence New York Sun.

The telephone is being made to serve the cause of religion in the south of England. The South of England telephone company has put telephone wires into one of the Congregational The Commissioners have purchased of W. E. S. Lodge, for \$11,720, parts of lots 107, 108, sixteen subscribers were connected with the 109, 110, 111 and 116, and all of lots 113, 114 and 115, in square 276, on 12th street, between R and S streets northwest, for a site for a colored school. and some lazy club men who went into the thing presumably more from a spirit of experiment than devotion. Wires are being laid to Madstone, and soon subscribers living there, in Rochester, in Strood, and Chatham, will be able, without leaving their houses, to attend service in Tunbridge Wells. The Phonograph in Paris.

A correspondent of the New York Evening Post, in writing about the Paris exposition, est Rates.

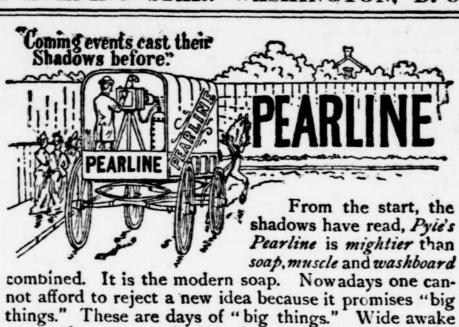

MONEY TO LOAN ON REAL ESTATE AT LOWest Rates.

WASE'N DANENHOWER,
was great crowd before Edison's chinery, I saw a great crowd before Edison's chinery, I saw a great crowd before Edison's exhibition. I approached and saw the famous phonograph—a little box, not bigger than a small musical box. A polite gentleman offered the ends of two India rubber tubes to place in my ears. I did so, and immediately the noise of the engines of the great hall ceased to be perceptible, and I heard instead a march played by a brass band as clearly as if it had been behind my back. "This march," said the centleman to me. "was played four months ago gentleman to me, "was played four months ago in New York." The phonograph is one of the greatest successes of the exhibition. Everybody is amazed by it those who do not understand it, and, I may add, also by those who do understand it. It is simply miraculous."

Its superior excellence proven in millions of homes for more than a quarter of a century. It is used by the United States Government. Endorsed by the heads of the Great Universities as the Strougest, Purest and most Healthful. Dr. Price's Cream Baking Fowder does not contain Ammonia. Lime or Alum. Sold only in Cans.
